

October 23, 2007

Dear Sunday Superintendent (s),

Finally it is time for the 2007-2008 Camp Memory Verses contest! As always, we are very excited to get this year's contest started! Included with this letter is the list of verses in score sheet format for reproducing, the rules, and an announcement for display at your church. Please publicize this contest as soon as possible to make it fair for those who want to participate.

All participant information must be **received** by **April 25th 2008**. Please make sure the participants recite their verses with more than enough time to spare in order to allow mailing time and any unforeseen delays you may encounter. **(Make sure you do send in the results. We need to see the actual score paper)**. I will tally the results and immediately send them to our anonymous donor for this contest. Then the donor sends the prize to the Foundation to be deposited into the ICFG account. Once the money is deposited, the ICFG secretary sends the prize money to the winners. Your promptness with sending in results is essential for the completion of this process. Please send them to my home address listed below.

When you send in the results of the contest, **please** have a score sheet for **each** participant, which includes their **correct age, full address and camp choice**. This means their address includes a city, state/province and zip code with street address. Also, please remember to include the number of **prompts** and **mistakes along with how many verses were recited**. The number of prompts and mistakes become critical in the event of a tie within one age group. It is very important that you follow these instructions!

Be sure to read contest rules! If you have any questions regarding this or any aspect of the contest please feel free to contact me. All contact information is also included on the ICFG web site, www.icfg.org, for further reference. I hope all goes well and many participate!

In Him,
Tina Toth: ICFG Camp Memory Verse Coordinator
