

# Breakout Session

# Break up into groups. Go around and discuss the following:

- What was something about discipleship that "struck close to home" for you in the sessions this weekend?
- How is Jesus calling you to follow him in your own lives and contexts? In your own congregations?
- What obstacles to discipleship are there currently in your contexts, and how does Jesus give the power to overcome these obstacles?
- What unnoticed opportunities are around us to practice radical Christian discipleship?

Come back together and share what your group discussed.
